PASSAGE Gathering

Art Installation Application 2022

Return to gravitypartymgm@gmail.com by September 9th , 2022

Things to Know:

Passage is a place for freedom of expression, community/relationship building, healing, and self reflection, not to mention celebrating to the tune of cutting edge music. We invite your creativity into our space eargerly, with hopes that your own portal opening will introduce others to experiences and sides of themselves they have not yet known.

- Passage is incorporating Art installations for the first time and has limited space. Submission of an application does not guarantee placement. Please do not take it personally if you don't get placed this year, we love you just the same.
- Art Installations are to be volunteer-run, meaning you and anyone on your team will be required to purchase a ticket to the event. Please see the Need To Know section of the website for camping and event info.
- Art Installations can be anything from a small, thought-proviking sculpture to an interesting arrangement of found objects to an altar to a large (portable!) mural piece and anything in between. If it is expressive of and original to you, it's art!
- Art installations should be free-standing. If you need to hang or suspend a piece, please reach out and we can see if we can accomodate. gravitypartymgm@gmail.com
- Content and interpretation should be generally uplifting and positive.
- No content that promotes political figures, brands, or prejudice of any kind will be allowed.
- Be prepared to light your own art installation so it can be seen at night. We can provide (limited) electricity, but battery powered lights are best.
- No plagiarism!
- It is up to you to make sure your piece follows Leave No Trace guidelines. Please do not use small pieces that can be blown away into the woods in a storm. Do not screw/nail anything into nearby trees. Please remove and clean up your installation at the end of the event.
- We expect you to be professional about your involvement with our event and treat attendees, staff, and the property with the utmost of respect.
